#### EMMELUTH DAY IN THE HOUSE

The War Paint Statesman Weeps and Refuses to be Com-

The sensation in the House yesterday morning was another resolution by Mr. Emmeluth. It reads as follows:

Be it resolved by the House of Repesentatives, the Senate concurring, That a committee to consist of nine members, six to be appointed by the speaker of the House, and three to be appointed by the president of the Senate, be appointed, to proceed immediately on appointment to Quarantine Island and inspect the condition of persons there detained and report their findings to this Legislature, That until the committee do report,

the Board of Health be directed to permit no persons of this Territory to depart from said Quarantine Island. WHOOPING COUGH.

A woman who has had experience with this diesase, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamber-lain's Cough Remedy they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—Jessie Pinkley Hall, Sprinville, Ala. This remedy is for sale by Benson, Smith & Co., Ltd., wholesale agents.
